3.) Please summarize why the case information from the Public Access to Court Electronic Records (PACER) service is needed and how it will be used. Also, please explain why an exemption from the courts identified is necessary. If you need more space, please provide in an attachment.

I am working with a team of professors at CU Boulder to examine the economic effects of forum shopping in corporate bankruptcy cases. I have a large database (several hundred) of publicly traded firms that have filed for bankruptcy, in order to tell if they forum shopped I need the court records to tell where they filed, and potentially where they had other large assets.

4.) In support of this application, I affirm the following:

- a) An exemption from the Judicial Conference's EPA Fee is necessary in order to avoid unreasonable burdens and to promote public access to information.
- b) That the exemption will be for a definitive period of time:
- c) I understand that this fee exemption will apply only to me, will be valid only for the purposes stated above, and will apply only to the electronic case files of the court(s) indicated above that are available through the PACER service.
- d) I agree that any data received through this exemption will not be sold for profit, will not be transferred, will not be used for commercial purposes, and will not be redistributed via the Internet.

**Declaration:** I declare that all the above information is true and understand that a false statement ☐ may result in termination of my exempt access and an assessment of Electronic Public Access usage fees. (The box must be marked or your request will not be considered)
